

Facundo Joaquín Gil – Fullstack Developer

Tucumán, Argentina • facundojoagl@gmail.com • +54 (381)-6566750 • [GitHub](#)

Education

Universidad Tecnológica Nacional (UTN), FRT – Tucumán, SM

Associate Degree in Programming

2022 – 2024 • Graduated with honors

Centro Municipal de Idiomas (CeMI) – Bella Vista, Tucumán

English Leveling Program (Currently B1)

2024 – Duration: 3 years (ongoing)

Experience

Ocaranza Mechanics Software – Desktop Application

2025

Developed a custom desktop application for a mechanical workshop to manage client records in a local database, allowing PDF generation and printouts. Includes automated calculations for parts and labor budgets.

San Pablo Hospital Project – Tucumán

2024

Collaborated with a team of 2 to develop a web platform for medical staff management and news publishing. Built an admin dashboard with CRUD functionalities, file uploads, and database integration.

Event Budgeting Application

2024

Created an app to generate event budgets, automating cost, payment, and profit calculations. Worked closely with the client to define requirements, designed a user-friendly interface, and implemented downloadable report generation.

Agile Methodologies – UTN

2023 – 2024

- Participated in daily SCRUM meetings to resolve blockers and refine backlog priorities.
- Led sprint planning sessions and retrospectives to improve team performance and ensure timely delivery.
